1 INTRODUCTION

Here at Muloo Inbound, our customers are our number one priority.

In today's fast-paced business landscape, staying ahead means having the right tools and expertise to drive efficiency, scalability, and revenue growth. Managing HubSpot across multiple business units requires more than just implementation—it demands strategic oversight, continuous optimisation, and technical agility.

At **Muloo**, we bring a dual-pronged approach:

1. **Strategic Consulting & Management** – Ensuring your HubSpot ecosystem is aligned with your business goals.
2. **Development & Technical Execution** – Supporting complex integrations, automation, and custom development to enhance functionality.

With **10+ years as a HubSpot Partner**, we specialise in helping businesses optimise their HubSpot investment. Whether it's streamlining sales processes, automating marketing, or ensuring seamless data flow across platforms, we provide the expertise you need to maximise impact.

We look forward to working with you to **enhance, manage, and scale your HubSpot instance** across all businesses under your brand.

OUR APPROACH

1. HubSpot Consulting & Strategic Management

We provide hands-on **HubSpot consulting and management support**, ensuring your systems are optimised to deliver measurable results. This includes:

- **Sales & Marketing Alignment** – Creating a seamless lead flow between marketing and sales teams.
- **CRM Governance & Data Integrity** – Implementing best practices to keep your database clean, structured, and actionable.
- **Process Automation** – Automating repetitive tasks to improve efficiency and scalability.
- **Reporting & Performance Tracking** – Building dashboards and reports to track KPIs and ensure data-driven decision-making.
- **Onboarding & Training** – Enabling internal teams to fully leverage HubSpot's capabilities.

2. HubSpot Development & Technical Support

Our **development team** provides technical execution to ensure your HubSpot environment is fully customised and optimised:

- **Custom Integrations** – Connecting HubSpot with third-party platforms for seamless data synchronisation.
- **Advanced Automation** – Developing complex workflows to automate key business processes.
- **Website & HubSpot CMS Development** – Designing and developing landing pages, websites, and dynamic content.
- **Data Migration & API Support** – Ensuring seamless migration and connection of data sources.

PROJECT OBJECTIVES

Muloo will act as a **strategic HubSpot partner** for EPI-USE UK under the wider Group Elephant ecosystem. Our role is to provide a combination of **consulting, technical execution, and ongoing support** to ensure successful onboarding of HubSpot Marketing Hub, with supporting setup of Sales Hub Starter.

While Tusk will manage the CMS Design (if required), Muloo will handle all CRM-related implementation, configuration, and optimisation. This includes tailoring HubSpot to support **lead management, marketing automation, and sales attribution** across the UK business.

Through this engagement, **Muloo aims to:**

- **Enable each subsidiary to leverage HubSpot effectively**, ensuring their CRM, sales, and marketing tools are structured for efficiency and growth.
- **Ensure consistency across all businesses**, maintaining a standard approach to CRM governance, data integrity, automation, and reporting while allowing for business-specific customisation.
- **Optimise operational efficiency**, reducing manual tasks through automation, structured workflows, and well-defined data management strategies.
- **Provide long-term scalability**, ensuring that as Group Elephant's subsidiaries grow, their HubSpot environment remains aligned with evolving business needs.
- **Offer ongoing support and technical expertise**, assisting subsidiaries with troubleshooting, enhancements, integrations, and best practice adoption.

These objectives ensure that each business receives **tailored yet structured** HubSpot support, helping **EPIUSE UK** and **Group Elephant** create an ecosystem of **efficient, data-driven, and automated companies**.

SCOPE OF WORK

Muloo will act as a **strategic HubSpot partner** for **EPIUSE UK**, providing a combination of **consulting, technical execution, and ongoing support**.

The **scope of work** includes but is not limited to the following key areas:

1. HubSpot Structure & Implementation

- Advising on CRM setup, data structure, and system configurations tailored to EPI-USE UK.
- Setting up **deal boards and custom deal properties** to align Sales Hub Starter with marketing attribution and ROI reporting.
- Configuring segmentation, workflows, and reporting dashboards to support sales and marketing crossover.

2. Data Management & Database Upload

- Uploading and structuring the existing database within HubSpot.
- Establishing best practices for **data hygiene, segmentation, and governance**.
- Creating standardised properties to support reporting consistency across the business.

3. Marketing Hub Onboarding

- Email marketing setup (domain authentication, templates, subscription preferences).
- Campaign setup, including **initial lead nurture and distribution workflows**.
- Segmentation and persona management to support tailored campaigns.

4. Sales Hub Starter Enablement

- Implementing deal pipelines, deal boards, and properties for sales reps.
- Lead-to-deal handoff workflows to ensure marketing attribution is tracked through to closed-won.
- Creating **reporting dashboards** for sales activity and marketing ROI.

5. Training & Knowledge Transfer

- Providing onboarding sessions for sales and marketing teams (remote or onsite).
- Sharing documentation and recorded training for ongoing enablement.
- Advising on best practices for adoption and campaign execution.

6. Ongoing Consulting & Strategic Guidance

- Offering **technical support and troubleshooting** as required.
 - Conducting regular reviews to optimise workflows, automation, and reporting.
 - Acting as a strategic advisor for future HubSpot adoption across Group Elephant.
-

3 PRICING

We propose a **160-hour onboarding engagement**, structured as follows:

- **Professional Services (160 hours)** – [£85/hour = £13,600 excl. VAT]
- **Ongoing Support (Optional Retainer)** – Available post-implementation, billed on a monthly or quarterly basis depending on the level of support required.

This model ensures flexibility: hours can be allocated across consulting, technical execution, and training as needed, with detailed time tracking provided.

4 DELIVERY FRAMEWORK

DELIVERY FRAMEWORK

Estimated Hours: ~ 160 hours (initial onboarding and setup)

Phase 1: Implementation & Optimisation (3–6 months)

- HubSpot setup, database migration, and property configuration
- Lead management workflows and automation

- Sales pipeline setup and attribution reporting
- Initial campaign and email setup
- Team training sessions

Phase 2: Ongoing Management & Support (Quarterly Retainers)

- Advanced workflow automation and process refinement
 - Ongoing training and enablement
 - Performance reviews and optimisation
 - CMS customisation and integration support (in collaboration with Tusk)
-

Why Muloo?

- **Proven Experience:** We have delivered HubSpot onboarding and optimisation projects across multiple EPI-USE regions.
- **Scalable Approach:** Our framework is designed to grow with your business.
- **Sales & Marketing Alignment:** We ensure that marketing activity is connected to sales outcomes, improving ROI reporting.
- **Strategic Partnership:** Muloo provides both the technical expertise and the long-term consulting support required to maximise HubSpot adoption.

- A **50% deposit** is required within **7 days** of invoice issuance to commence execution

Retainer-Based Invoices

- Invoices are issued **monthly on the 15th** and must be paid within **7 days** of receipt.

HubSpot Agreements

- All HubSpot agreements are **directly with HubSpot**.

5 PROJECT ACCEPTANCE

By signing this agreement, the **EPI-USE UK** acknowledges and agrees to the following terms and conditions governing the engagement between **Muloo** and [Client Name].

1. Billing & Payment Terms

- **Billing Cycle:** Invoices are issued on the **15th of each month**.
- **Payment Terms:** Full payment is due within **7 days** of the invoice date.
- **Late Payment Policy:** Payments not received within the **30-day period** may be subject to:
 - A **2% late fee per month** on the outstanding balance.
 - Suspension of services until payment is received.

2. Scope of Work & Changes

- **Defined Scope:** Services will be provided as outlined in this agreement. Any **additional work or scope changes** will require a separate quote and approval.
- **Service Adjustments:** If adjustments to service levels or requirements are necessary, both parties will discuss and agree on an updated scope.

3. Service Continuation & Termination

- **Engagement Term:** This agreement will continue **on a rolling monthly basis** unless otherwise specified.
- **Notice Period:** Either party may terminate this agreement with **90 days' written notice**.
- **Breach & Non-Payment:**
 - Failure to pay invoices within **60 days** may result in **service termination**.
 - Any costs incurred due to legal recovery of outstanding fees will be the responsibility of the **Client**.

4. Confidentiality & Data Protection

- Both parties agree to maintain the **confidentiality of all sensitive business and client data**.
- Muloo will ensure that any **data processed or managed on behalf of the client is handled securely and in compliance with South African data protection laws**.

5. Liability & Limitation of Services

- Muloo will provide services **in good faith and to the best of its ability**, but **shall not be held liable for any indirect, incidental, or consequential damages** arising from the use of HubSpot or any related software.
- The **Client remains responsible for internal adoption, compliance, and implementation of HubSpot recommendations**.
